

CPP 2026 - Guided Posters Abstracts

Abstract No		Topic	Title
		Friday Hall B 12:55-13:45	
		Chairs: Dianna Wolfe, Melinda Davis	
1	98	Cardio Obstetrics	Perinatal outcomes and maternal complications in pregnant women with heart disease Marta Lopez Universitat de Barcelona, Barcelona, Spain
2	225	Risk stratification	Association of Modified WHO Risk Classification and Adverse Perinatal Outcomes in Adult Congenital Heart Disease Leslie Warren Icahn School of Medicine at Mount Sinai Hospital, New York, United States
3	77	Cardio Obstetrics	Giving birth with heart disease in a cardiovascular centre Hajnalka Balint Semmelweis University, Budapest, Hungary
4	113	Risk assessment	Did mWHO or CARPREG2 predict the incidence of ICU admissions at a quaternary academic medical center? Diane Holmes Atrium Health, Charlotte, United States
5	79	Cardio Obstetrics	Towards a core set of patient-reported outcomes and experience measures for pregnant women with cardiovascular disease Yaël Vanharen University of Antwerp, Antwerp, Belgium
6	32	Risk Factors	Feasibility of measuring pulse wave velocity during pregnancy Kim Boggess University Of North Carolina, Chapel Hill, United States
7	287	Cardio Obstetrics	Association of Social Vulnerability with Maternal and Fetal Outcomes in a Cardio-Obstetrics Cohort Madeline Zipperer University Of South Florida, Tampa, Florida, United State
8	94	Risk assessment	Levels of placental angiogenetic markers according to maternal cardiovascular risk class: a prospective cohort study in Norway Ingrid Langen Oslo University Hospital, Oslo, Norway
9	293	Cardio Obstetrics	Rationale and design of the PREGnancy, HEART Health and Cardiovascular Disease (PREG-HEART) Cohort Study

			Antonio de Marvao Imperial College London, King's College London, Great Britain
10	285	Cardio Obstetrics	Risk Assessment of Fetal Growth Restriction in Pregnant Women with Cardiac Disease: A Decade of a Multidisciplinary Single Centre Experience Francesca Maria Comoglio Ospedale Sant'Anna, Torino, Italy
Friday Hall C 12:55-13:45			
Chairs: Marla Mendelson , Rohan D'Souza			
11	306	Labor & Resuscitation	Perimortem Cesarean Section and its Impact on Prognosis After Maternal Near Miss: A Case Series Gabriella Dias University of San Paolo, Brazil
12	42	Labor and delivery	Cardiovascular disease in pregnancy: The impact of mode of delivery on maternal and neonatal outcomes Abby Frederickson Medical College of Wisconsin, Milwaukee, United States
13	250	Contraception	Postpartum Contraception Uptake and Method Choice by Ethnicity and Insurance Among Patients with Maternal Cardiac Disease Receiving Multidisciplinary Care Yaiza Fernandez Munoz University of California, Berkeley, United States
14	90	Valvular	Management of mechanical heart valve thrombosis during pregnancy: A case series Dorottya Kecskeméti Gottsegen National Cardiovascular Center, Budapest, Hungary
15	62	Valvular	Multidisciplinary management of severe mitral regurgitation and valve perforation from treated endocarditis in a high-risk late pregnancy Megan Gauthier University of Missouri, Columbia, United States
16	86	Anticoagulation	Managing maternal venous thromboembolism: A qualitative description investigating access to low-molecular weight heparin during and after pregnancy in Ontario Emma Woolley McMaster University, Hamilton, Canada
17	309	Valvular	Management of Severe Aortic Stenosis in Pregnancy Complicated by Twin Gestation and Preeclampsia with Severe Features: A Case Report Lindsay Robbins Eastern Virginia Medical School at Old Dominion University, Norfolk, Virginia, United States
18	214	Valvular	Pregnancy and Prosthetic Heart Valves

			Iryna Zinovchyk National Amosov Institute of Cardiovascular Surgery of the National Academy of Medical Sciences of Ukraine, Kyiv, Ukraine
19	277	Valvular	Anesthesiological Management of Pregnant Patients with Mechanical Heart Valves Eleonora Menaldo AOU Città della Salute e della Scienza - S. Anna Hospital, Torino, Italy
Friday Guided Posters area 12:55-13:45			
Chairs: Danna Spears, Avraham Shotan			
20	213	Arrhythmias	The Use of Antiarrhythmic Drugs during Pregnancy: A Retrospective Cohort Study Mariam Desouki Minneapolis Heart Institute Foundation, Minneapolis, United States,
21	118	Arrhythmias	Trends in medication use for reproductive age females with atrial fibrillation or flutter in the GWTG-AFib registry Lara Kovell University of Massachusetts, Worcester, United States
22	12	Arrhythmias	Impact of COVID 19 pandemic on cardiac outcomes in a cardio-obstetrics population with rhythm disorders Jennifer McCormick Jefferson Health - Lehigh Valley, Allentown, United States
23	50	Arrhythmias	The impact of ventricular arrhythmia on maternal, obstetric and neonatal outcomes in pregnant women with structurally normal heart Nataliia Volodicheva Almazov National Medical Research Center, Saint- Petersburg, Russian Federation
24	231	Arrhythmias	Magnesium Supplementation in Pregnant Women with Palpitations May Improve Symptoms Dameel Edwards Northwell Health, Manhasset , United States
25	300 304	Arrhythmias	Pregnancy Outcomes in Pregnancies Affected by Long QT Syndrome Philipp Kosian University hospital Bonn, Germany
Saturday Hall B 13:10-14:00			
Chairs: Doreen DeFaria Yeh, Denis McNamara			
26	37	PPCM	Peripartum cardiomyopathy in woman with HELLP syndrome (case report) Svitlana Posokhova

			Odesa National Medical University, Odesa, Ukraine
27	251	Congenital	<p>Understanding Knowledge Gaps in Future Reproductive Decision-Making Among Patients with Maternal Congenital Heart Disease</p> <p>Yaiza Fernandez Munoz University of California, Berkeley, United States</p>
28	105	Cardio Obstetrics & Congenital	<p>Strengthening pregnancy outcomes utilizing advance practice providers in cardio-obstetric care: A case report</p> <p>Diane Holmes Lee Health Heart Institute, Fort Myers, United States</p>
29	217	Congenital	<p>Hemodynamic Impact of Pregnancy and Risk Assessment in Women with Repaired Tetralogy of Fallot</p> <p>Miki Kanoh Japanese Red Cross Saitama Hospital, Saitama city, Japan</p>
30	72	Congenital	<p>Cardio-obstetric multidisciplinary care model for delivery of patients with Fontan circulation</p> <p>Bethany Sabol University Of Minnesota Medical Center, Minneapolis, United States</p>
31	84	Congenital	<p>A case of pregnancy complicated by bicuspid aortic valve: Emphasizing risk assessment and perinatal management</p> <p>Hironobu Hyodo Tokyo Metropolitan Bokutoh Hospital, Tokyo, Japan</p>
32	48	Congenital	<p>Infective endocarditis prevention in delivery: Revisiting antibiotic prophylaxis for pregnant patients with unrepaired ventricular septal defects</p> <p>Raeye Daniel Stanford University, Palo Alto, United States</p>
33	286	Vascular & Congenital	<p>Aorta Pathology and Pregnancy-Related Risks in Adult Congenital Heart Disease: Does the Aorta Dilate During Pregnancy?</p> <p>Els Troost UZ Leuven, Belgium</p>
34	268	Vascular	<p>Pregnancy Outcomes in Women with Marfan's Syndrome</p> <p>Elizabeth Orchard Oxford University Hospitals</p>
35	102	Vascular	<p>Multidisciplinary Approach to Pregnancy in Women with Marfan Syndrome: A Case Series</p> <p>Paola Corbella ASST GOM Niguarda, Milan, Italy</p>
			<p>Saturday Hall C 13:10-14:00</p>
			<p>Chairs: Kathryn Arendt, Lee Padove</p>

36	45	Hypertension	Development of a care process model for post-partum management of hypertensive disorders of pregnancy Kirstin Hesterberg Intermountain Health, Denevr, United States
37	249	Hypertension	Ambulatory Blood Pressure Monitoring in Early Pregnancy for Prediction of Hypertensive Disorders and Gestational Diabetes Petra Sinigoj University Medical Centre Ljubljana, University of Ljubljana, Ljubljana, Slovenia
38	18	Hypertension	Factors influencing delivery of cardiovascular follow-up after preeclampsia: A qualitative study of healthcare providers' perspectives Fiona Eskildsen Steno Diabetes Center Copenhagen, Herlev, Denmark
39	116	Hypertension	Hypertensive disorders of pregnancy: The growing evidence of perspectives from patients and providers with a path forward Kismet Rasmusson Intermountain Health, Salt Lake City, United States
40	239	Hypertension	Hypertensive Disorders and Cardiovascular Screening in Pregnancies Utilizing Frozen Embryo Transfer: A Descriptive Analysis Catherine Weinberg Northwell Health/Zucker School of Medicine, New York, United States
41	290	Hypertension	Postpartum Furosemide Use in Patients with Hypertensive Disorders - Which Patient Populations are Prescribed? Grace Tabor University of North Carolina at Chapel Hill, United States
42	282	Hypertension	Are Flavonoids the Key to Revolutionizing Preeclampsia Prevention and Treatment? Mikołaj Rożniata Medical University Of Lodz, Poland
43	280	Labor & Delivery	Prolonged Expulsive Efforts and Peripartum Outcomes in Women with Heart Disease Laura Angeli University of Florence, Florence, Italy
44	380	Hypertension	Linking maternal and neonatal circulation in Preeclampsia Federica Piani Medical University of Graz, Austria
45		Hypertension	Aspirin Prophylaxis for Preeclampsia Prevention in Nigeria: A Mixed Methods Study Zainab Mahmoud Washington University in St Louis, St. Louis USA

		Saturday Guided Posters area 13:10-14:00	
		Chairs: Joan Briller, Avraham Shotan	
46	267	Coronary Artery Disease	Postpartum Spontaneous Coronary Artery Dissection Involving the Ostial Left Anterior Descending Artery Following Recent Miscarriage and Term Delivery Laura Quintana Sanger Heart and Vascular Institute, Charlotte, United States
47	20	Coronary Artery Disease	Conception Following Spontaneous Coronary Artery Dissection, A Successful Case of Vaginal Delivery in High-Risk Pregnancy Noor Alzahrani MNGHA-Riyadh Saudi Arabia, Riyadh, Saudi Arabia
48	85	Pulmonary Hypertension	Maternal outcomes in pulmonary hypertension: A 20-year single-centre cohort including termination of pregnancy David Vinas Fernandez Hospital General De Granollers, Granollers (Barcelona), Spain
49	111	Heart Failure	Longitudinal assessment of a validated health status questionnaire in pregnant and postpartum women without cardiomyopathy Madeleine Howard Mayo Clinic, Jacksonville, United States
50	308	Pulmonary Hypertension	Multidisciplinary Management of Primary Pulmonary Arterial Hypertension in Pregnancy Resulting in Planned Preterm Cesarean Birth: A Case Report Lindsay Robbins Eastern Virginia Medical School at Old Dominion University, Norfolk, Virginia, United States
51	61	CAD	
52	95	Cardiac surgery	Maternal and neonatal outcomes in pregnant patients with a history of open heart surgery: A multidisciplinary maternal heart program Yaiza Fernandez Munoz Stanford Health Care, Palo Alto, United States
53	289	Pulmonary Hypertension	Pregnancy Heart-Team Management of Pulmonary Hypertension: A Seven-Case Series Gerard Mora Hospital Universitari Vall Hebrón, Barcelona, Spain
54	58	Coronary Artery Disease	
55	298	Cardio Obstetrics	"Should I be worried?" Patient Perceived Risk and Cardiac Anxiety in a High Risk Cardiac-Obstetrics Population: A Prospective Study Isabel Witvrouen University of British Columbia, Vancouver, Canada
